

# RGA3.3 DEF

## DEFENDER FALL ARREST BLOCK - 3.3M RGA3.3 DEF

The Defender range is the lighter, more compact choice of fall arrest blocks from RIDGEGEAR.

This block features a galvanised wire cable, which makes the operation smooth and unproblematic. The fall indicator is comprised in the connector that has been coherently designed for most working at height applications.

### EN 360:2002

|                  |  |
